

**CARTERSVILLE
CENTER**
FOR NURSING AND HEALING

At Cartersville Center, dialysis is just down the hall

Our patients on dialysis now
have a better place to recover
following a hospital stay

**Now
open!**

Partnered with **CONCERTO**
RENAL SERVICES 

Our newly installed state-of-the-art in-house dialysis center:

- ✓ **Eliminates draining commutes**
Including the hours of travel, treatment and wait times that often disrupt a resident's entire day
- ✓ **Enhances residents' quality of life**
With an in-house center that keeps residents comfortably indoors and in familiar surroundings
- ✓ **Always has a time-slot available**
Because we only service Cartersville Center residents, bookings are easily scheduled

✓ **Keeps schedules on-schedule**

Now, residents can book dialysis around their day, with no missed activities, visits or social calls

✓ **Reduces risk of infections**

Keeps residents safely indoors, with less exposure to strangers and to inclement weather

✓ **Promotes better care outcomes**

With better access to treatment, leading to healthier kidney function, energy and appetite

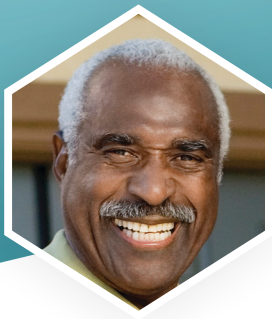

✓ **Improves care coordination**

With closer oversight, continuity of care, and schedule predictability

““

Ever since I began going to dialysis at Cartersville Center, things became so much less complicated. The staff works on coordinating with the rest of my schedule so I didn't miss meals, therapies, medications, or the weekly Bingo game – the highlight of my week.

- Steven S.

““

No more exhausting trips to and from dialysis. I just go down the hall at my designated slot so I don't have to wait endlessly – and when I'm done, my recovery time is so much faster. This is definitely enhancing my quality of life and I have a better appetite and energy level too.

- Margie Simon
